THE IMPORTANCE OF FERRY LINE FOR THE BLACK SEA REGIONS OF TURKEY AND RUSSIA

The resumption of Ferry Line will open a new logistics route between Russia and Turkey (in accordance with the negotiations between the Presidents of our countries on March 28, 2025), will expand the range of tourist services in the cities of Trabzon and Sochi, will give an additional impetus to business activity in this area as a whole, will resume business and cultural exchange between the cities and Black Sea regions of Turkey and Russia (mutual exchanges of students, school creative groups, visiting conferences, exhibitions - fairs of Russian and Turkish goods, trips of delegations of businessmen and representatives of city administrations), will create new jobs and additional tax revenues to the budgets of both cities.

All these events will help restore the atmosphere of good neighborly relations between the two regions.
